GENERAL ELECTION 2020 Survey of Candidates for Public Office

WE VOTE FOR THE KEIKI OF THE AINA. WHAT FUTURE DO YOU WANT TO LEAVE FOR THEM?

Hawaii Family Forum is a non-partisan, 501(c)(3) organization and does not endorse or oppose any candidate for elected office, whether or not they responded to this survey. We offer this guide to educate the community in Hawaii about the views of the candidates for the office of which they are running. We understand that many candidates did not respond to the survey, so all links on the online PDF are interactive. We encourage you to visit the campaign websites to find out more information on all the candidates that did not respond. Please be courteous when making contact with any candidate for public office. Visit www.hawaiifamilyforum.org/election-central for more information.

Congressional candidates were asked if they would support, or oppose the following:

1. Denying federal funding to "sanctuary cities" that do not comply with federal immigration laws
2. Expanding background checks to include guns purchased from private individuals
3. Interpreting the U.S. Constitution in light of current times, rather than the adherence to the framers' original intent or text
4. Adding "sexual orientation," "gender identity," and "gender expression" to the protected classes of race, religion, age, sex, and ancestry in non-discrimination law
5. Requiring a health care practitioner to provide medical care to a baby born alive who survives an attempted abortion
6. Enacting federal tax credits for donations to state-based scholarship programs to provide educational options such as private or home schools
7. Amending the U.S. Constitution to require Congress to balance the federal budget every year
8. Providing direct or indirect federal funding to Planned Parenthood and other entities that provide abortions
9. Extending the 1982 deadline for ratification of the Equal Rights Amendment to the U.S. Constitution
10. Prohibiting abortion except when it is necessary to prevent the death of the mother
11. Enacting laws that make vaccinations (without religious exemptions) mandatory for all public-school students?
12. Protecting individuals and businesses from being required to provide services or use their artistic expression in a manner that violates their moral or religious beliefs

OFFICE OF THE PROSECUTOR: ISLAND OF OAHU

1. Would you cooperate with federal government civil rights investigations on Oahu?
2. Would you cooperate with federal immigration authorities dealing with issues on Oahu?
3. Are there any crimes that you would choose not to prosecute even though the evidence was provided upon which a successful prosecution could be presented?
4. Do you plan to prosecute the citations issued this year on Oahu for alleged violations of any of the COVID orders of the governor or mayor?
5. What is your plan to decrease crime on Oahu in your first year?
6. What will the prosecutor's office do under your leadership to help train HPD in how to deal with the policing issues we see in the last six months occurring on the mainland in some cities?
7. As the head of the prosecuting attorney office, what would be your highest priorities during your first year in office?

	Y	Y	N	Y	We will enforce the law by charging all levels of crime. This is not currently being done and is very important because criminals know that they can get away with crime right now.	The Prosecutor's office should work with all divisions of law enforcement, including but not limited to HPD. We will work with law enforcement to provide them training on the law and also on courtroom procedures.	First, I will terminate the people who assisted Katherine Kealoha. There is still a hand-full of them in the office and we must end corruption now. Secondly, we will charge all levels of crime in order to reduce the amount of crime that we have seen. This increase in crime is due to the current administration's poor charging policies. Third, I will educate the public and the legislature on treating drug addiction and mental health disorders.
