|                           | Y              | Y | N | Y | We will enforce the law by charging all levels of crime. This is not currently being done and is very important because criminals know that they can get away with crime right now. | The Prosecutor's office should work with all divisions of law enforcement, including but not limited to HPD. We will work with law enforcement to provide them training on the law and also on courtroom procedures. | First, I will terminate the people who assisted Katherine Kealoha. There is still a hand-full of them in the office and we must end corruption now. Secondly, we will charge all levels of crime in order to reduce the amount of crime that we have seen. This increase in crime is due to the current administration's poor charging policies. Third, I will educate the public and the legislature on treating drug addiction and mental health disorders. |
